A MONTHLY UPDATE FROM PIM CAPITAL

Welcome to the first issue of **FUNDamental**, your new monthly update from the executive team at **PIM Capital**. We aim to keep you informed about key developments at our firm and in the industry, while sharing insights into the ever-evolving global financial landscape. At PIM Capital, we believe that open, honest communication is essential to building resilient partnerships and navigating complexity with confidence.

I am proud to share that **PIM Capital** has been named **Fund Structuring Partner of the Year – Mauritius and South Africa** by **PAN Finance**. This award reflects the strength of our team, the trust of our clients, and our unwavering commitment to innovation, precision and client-first solutions. At PIM Capital, we know that when our clients do well, we do well.

Operating across emerging markets requires an approach that recognises their unique dynamics and local realities. This recognition from PAN Finance affirms our philosophy of crafting bespoke strategies that leverage those differences, often turning them into competitive advantages.

You can read more about this approach in this article by **Christopher Erasmus, PIM Capital's Managing Director: [PIM Capital's Emerging Markets Edge](#)**.

Recognition like this is always meaningful. It is especially so in times when the world feels increasingly divided. Partnerships based on trust are essential to navigating these increasingly complex times with shared purpose.

We look forward to connecting with many of you who will be in **Cape Town** this December for the **SuperReturn Africa** conference. If you or someone from your team will be attending, we would love to meet in person. We are planning a few private events alongside the conference. Please drop me a note if you would like to join us; we would be delighted to include you.

In future editions of **FUNDamental**, you will hear from other members of our executive team. We hope these updates and insights will bring clarity and context in our increasingly complex financial world. We would love to hear any thoughts from you, especially if there is something you think this newsletter should cover.

Thank you for your continued confidence in **PIM Capital**.

Warm regards,

Shane Peters
Group Founder, PIM Capital
